GRADES 4 - 6

Instructor Information

Julie Selvitella, an artist and art teacher at West Middle School.

Growing up, I spent my summers in art camps and workshops, developing confidence in my artistic ability and creative style, something I often did not have the time to explore during the school year. I hope to offer unique workshops that are fun and help to develop children's love for art and art making.

Mask & Puppet Making

This puppet and mask making workshop will teach children to express themselves creatively. Whether it's making puppets from recycled materials or creating masks as unique as the individual that made them, there is something for everyone. The week will conclude with a gallery style art opening to celebrate the creations made over the week.
